

## NEWS OF THE DAY

Two men were instantly killed and three others seriously injured when a Pennsylvania Railroad express train bound for Philadelphia struck an automobile yesterday near York, Pa. The occupants of the car were York county farmers from the vicinity of Stewartstown bound for Lancaster to buy cattle. The dead are: Henry Lanus, 65 years old, and William Leib, 50 years old. Conrad Lanus, probably will die. The farmers composing the party on the way to the cattle market occupied two automobiles. The driver of the first machine heard the crossing bell and saw the glare of the train's headlight, but realized that he could clear the tracks. The safe passage of the first machine is believed to have led the others on to the crossing directly in the path of the train.

An axe or hatchet caused the death of Mrs. Harriet Moss McDaniel, according to testimony of Dr. A. B. McGlothlin, yesterday at St. Joseph, Mo., in the trial of County Prosecutor Oscar D. McDaniel, the slain woman's husband, charged with the murder.

Twenty unexploded bombs were found in the sugar cargo of the American steamship Sarina upon her arrival at Cherbourg, France, after a voyage starting from New York on

September 2, during which the vessel caught fire from a cause unknown, according to Fourth Mate Wybrants, of the Sarnia, who arrived yesterday at New York on the American Line steamship New York from Liverpool. The discovery of the bombs was due to the fact that it was necessary to empty each bag of sugar on board to ascertain salvage. The bombs were in the lower hold, seventeen being found one day and three the next.

Miss Mary Shumate, 19 years, old daughter of George Shumate, who is the proprietor of a dairy at 622 F street southwest, Washington, where he resides with his family, was knocked down, choked and robbed last night in Sixth street near G southwest by a colored footpad, who when finally frightened off by the girl's screams, escaped with her purse, which contained \$25.50. This is the second case of the kind in two weeks. The first was that of Mrs. Annie Sheerer, a nurse, who was felled with a cobblerstone and robbed in Kalorama road northwest.

President Wilson has practically completed his next annual message to Congress and plans to put the finishing touches on it today. It will be devoted almost entirely to domestic matters and will deal primarily with legislative questions recommended to Congress previously and not finally settled.

After two weeks of married life, Roscoe Doyle, 24 years old, assistant cashier in the Adams Express Company's Washington office, was arrested yesterday on a charge of having embezzled \$1,160 from his employers. The high cost of living was assigned by Doyle as the reason for appropriating small sums from time to time during the last year, according to the police.

About to be captured by a posse of enraged farmers, Ralph Poto, 22, of Alliance, Ohio, who early yesterday shot and seriously wounded his sweetheart, Mabel Austin, turned his revolver on himself. He fired three bullets into his breast and is believed to be dying. Poto escaped from the scene of the Austin shooting on his motorcycle. Farmers, pursuing, came upon him when his gasoline gave out. Poto shot the girl when she told him she could not go with him any longer because of her father's objections.

The German submarine Deutschland is now free to depart. It is thought she may do so before many hours, yesterday her owners deposited bonds totaling \$97,500. These amply cover the possible recovery that may be made against her as a result of the loss of life and property arising out of her collision with the tug T. A. Scott, Jr.

The condition of the aged Francis Joseph, of Austria, Hungary, is the cause of anxiety at the Vatican. The

fact that the sovereign's physicians are giving out periodical bulletins is interpreted as ominous. Pope Benedict receives frequent reports. The latest at hand says the Emperor's condition is serious, but not alarming. His symptoms are bronchial irritation, a slight temperature, and rapid and irregular pulse.

Mrs. Ida Gallagher, 57 years old, wife of William Gallagher, a retired master-at-arms of the navy, was fatally injured Saturday in Annapolis, Md., when she was struck by an automobile and died yesterday morning.

For the first time in its history Hackensack, N. J., has a "lady barber." It happened because local barbers went on strike last week for more pay and shorter hours. One of these, Louis Santruff hired a tall, handsome brunette to work at the second chair. Business began to increase, but few patrons wanted to take the first chair.

Five boys, Allen Gillett, 8 years old; Lyle Lorentz, 8 year old; Edward Wyss, 10 year old; his brother Lester, 7 years old, and Gordon Fisher, 11 years old, were drowned in a slough a short distance from Hastings, Minn., Saturday. Apparently the boys had walked out on the ice and had broken through.

## OPOSSUM HUNTING

Didelphis Virginiana Declared to be a Predatory Animal.

Is a 'possum a predatory animal? Commonwealth's Attorney Hobson, of Chesterfield county, is of opinion that he is because he has a "denuded" tail. Is it lawful in Virginia to go out hunting or to hunt for rats or mice without a license? Do you have to have a license merely to "look on" while licensed hunters do the work of bagging the game? Such are the conundrums which the erstwhile dreamy but auspicious little village of Midlothian, one of the beauty spots of Chesterfield, has propounded to the rest of the world. Some parties who had accompanied opossum hunters were recently arraigned for hunting without a license, when the commonwealth's attorney said he felt that he should give his construction of the law. He said in his opinion entire act aimed at the preservation of game. "However different others the legislature as the object of the may view it," he said, "I believe that those who simply went along to view it could not be construed to be hunters within the legal meaning of the word." He said that one of the prime objects of the law was the destruction of predatory animals. "I do not know whether it is an established fact that a 'possum is a predatory animal or not, but I believe it is, and if it is these defendants if they could be considered hunters have aided the

law rather than violated it. I know that a rat, a mink, a weasel are predatory animals and if you believe the 'possum is a predatory animal it is your duty to dismiss these defendants." The accused were accordingly dismissed.

## SULTAN CONDEMNED

Turks Pass Death Sentence Upon Egyptian Ruler  
Amsterdam, Holland, Nov. 20.—A dispatch from Beirut, Syria, says a war tribunal has passed a sentence of death on Hussein Kemal Pasha, Sultan of Egypt, on the ground that he placed under foreign rule constituents parts of the Turkish Empire. The death sentence was confirmed, the dispatch says, by an Imperial decree.

Abbas Hilmi, who was Khedive of Egypt when the war began, espoused the cause of Turkey and was deposed on December of 1914. The British Government then proclaimed the appointment of his uncle, Hussein Kemal, as Sultan of Egypt.

## Increase in Food Cost 30 Per Cent.

New York, Nov. 21.—The laborer who earns \$12 a week, and who last year spent \$5.40 of it for food for himself and family, must now pay \$7.02 for the same amount of food, according to a report of the Association for Improving the Condition of the Poor, made public last night. A study of the increases in the cost of food to the poor of this city since November, 1915, shows an average increase of 30 per cent, ranging from 20 per cent. for bread to 114 per cent for potatoes.

## DROWNS IN BUCKET.

Victim Found With Head Submerged in Liquid Plaster.

Philadelphia, Nov. 21.—Thomas Mara, 37 years old, of Lancaster avenue near 52nd street, was found dead yesterday morning with his head submerged in a bucket of plaster in the rear of a plasterer's shop at No. 5413 Wyalusing avenue. The body was discovered by Lemuel Loper, proprietor of the shop, who notified the police of the 29th district. According to physicians at the West Philadelphia Homeopathic Hospital death was caused by suffocation.

It is thought that Mara, who was a plasterer in the employ of Loper, entered the shop while in an intoxicated condition in order to find a place to sleep. While groping in the dark, it is believed, he tripped and fell, his head landing in the bucket of plaster.

## THE NEW TEMPER-ANCE DRINK PABLO

"You Can't Tell the Difference"

That is what they all say regarding Pablo, the new non-alcoholic beverage we are now offering to the trade.

Pablo is an unfermented beverage does not contain malt and is absolutely non-alcoholic. It is not a beer and should not be confused with the many so-called temperance drinks now being marketed that are really nothing more than fermented malt beverages, with a percentage of the alcohol extracted, the sale of which is liable to be accompanied by risk of prosecution.

Wherever Pablo has been introduced it has met with almost instant favor and popularity, proving to be a good temperance drink. As compared with other soft drinks, Pablo is in a class by itself—a drink with character and snap to it. It is of a sparkling amber color and has that pleasing hop tang that is a never-failing, never-tiring delight to the taste and which at the same time makes it a refreshing healthful and invigorating beverage.
